

VINTAGE WINE TOURS

WINE TOUR of RIBERA DEL DUERO, TORO, RUEDA

8-13th November 2026

Discover the finest expression of Spanish wine culture on a journey through three legendary Designations of Origin:

Ribera del Duero, Rueda and Toro.

Designed for wine lovers, foodies and anyone drawn to the landscapes and traditions of Castilla y León. The Soul of Castilian Wine

Our route travels through the heart of the Duero valley, where centuries-old wineries stand alongside bold new cellars.

In Ribera del Duero we visit family estates and iconic names such as Emilio Moro and Protos, tasting wines aged in cellars carved into the rock.

In Toro, ancient pre-phylloxera vines yield some of Spain's most powerful reds.

While in Rueda, the crisp, mineral whites of the Verdejo grape offer a delightful contrast.

Join us to discover the essence of Spanish wine!

Along the way we will savour traditional Castilian roast lamb, share tastings paired with local produce, and unwind at a wine spa surrounded by vineyards, landscapes, castles and wine cellars.

This is also a journey through history and landscape. We will stroll through the UNESCO-listed medieval village of Peñaranda de Duero, admire the imposing castle of Peñafiel rising above the vines, and descend into underground cellars where wine has been made for generations.

From the high-altitude vineyards of Bosque de Matasnos to the golden plains surrounding Toro. Each new carefully planned day reveals a different face of Castilla y León – its stone villages, its rivers, and its deep rooted wine culture.

A journey to connect with the land, taste its history in every glass, and enjoy the warm hospitality of Castilian wine country led by
